REQUEST FOR RECONSIDERATION OF PETITION UNDER 37 C.F.R. § 1.47(b)

AND

PETITION TO REVIVE ABANDONED APPLICATION UNDER 37 C.F.R. § 1.137(b)

Dear Petitions Attorney Brown:

Presented herein is a request for reconsideration of petition under 37 C.F.R. § 1.47(b) in response to the Office's letter dismissing Petitioner's petition under 37 C.F.R. § 1.47(b) mailed October 2, 2006, in reference to the above-noted patent application. Also presented herein is a petition to revive under 37 C.F.R. § 1.137(b).

Petitioner respectfully requests that the Patent and Trademark Office ("PTO") consider the following remarks in regard to the above-referenced patent application.

REMARKS

Petitioner thanks the Petitions Attorney for a thorough review of the original petition, and respectfully requests reconsideration for the following reasons:

Petition under 37 C.F.R. § 1.47(b) dismissed

The PTO dismissed Petitioner's original petition under 37 C.F.R. § 1.47(b) because it failed to establish each of the six elements required by the PTO. Refer to the petition dismissal mailed October 2, 2006, attached hereto as **Exhibit A**.

Petitioner respectfully submits the following statements and facts in support of the request for reconsideration of the petition under 37 C.F.R. § 1.47(b).

(1) Proof the non-signing inventor cannot be reached

The PTO dismissed the original petition in part because "petitioner has failed to establish that the non-signing inventor [...] cannot be located for presentation of the application papers."

Petitioner respectfully submits that a *bona fide* effort has been made to locate the non-signing inventor for presentation of a complete copy of the application papers for execution of the oath or declaration, however, Petitioner still is unable locate the non-signing inventor.

The following actions were taken in an effort to locate the non-signing inventor for execution of an oath or declaration of a complete copy of the application papers:

1. On or about May 4, 1999: Paula Halsey of Kaplan & Gilman, LLP mailed a letter to non-signing inventor Yousseff at his employment address of record at Dialogic Corporation, 1515 Route 10, Parsippany, New Jersey 07054, requesting execution of the oath or declaration of an enclosed complete copy of the application papers.

There was no response to the letter. Refer to the letter dated May 4, 1999 attached hereto as **Exhibit B**.

2. June 25, 1999 through July 12, 1999: Kaplan & Gilman, LLP made several attempts to contact non-signing inventor Yousseff by calling colleagues at Yousseff's former employer, leaving phone messages, and contacting Yousseff's former supervisor, however, the efforts failed to locate Yousseff. Refer to handwritten notes from Attorney's client communications file attached hereto as **Exhibit C**.
3. On or about August 23, 1999: Petitioner filed the original petition under 37 C.F.R. § 1.47(b) requesting the PTO allow the assignee to sign the oath or declaration on behalf of the non-signing inventor. Refer to August 23, 1999 letter to Ted Weitz, Esq. attached hereto as **Exhibit D1**, and refer also to original petition and Yousseff's employment agreement attached hereto as **Exhibit D2** submitted concurrently with the original petition.
4. August 23, 1999 through August 22, 2006: Prosecution of the application continued. On July 11, 2003 a change of power of attorney was filed with the PTO. Refer to the notice of acceptance of power of attorney mailed August 18, 2003 attached hereto as **Exhibit E**. Blakely Sokoloff Taylor & Zafman, LLP, the present attorney of record, then continued prosecution of the application.
5. August 22, 2006: A notice of allowance was granted for the present application and received by Blakely Sokoloff Taylor & Zafman, LLP on August 24, 2006. Refer to notice of allowance attached hereto as **Exhibit F**.

6. October 2, 2006: The PTO mailed the letter of dismissal for the 37 C.F.R. § 1.47(b) petition alerting the Applicant and the present attorney of record that a properly executed oath or declaration still had not been filed for the present application. Refer to dismissal letter attached hereto as **Exhibit A**.
7. On or about November 1, 2006: Kristin Morrow, a paralegal with the law firm of Blakely Sokoloff Taylor & Zafman, LLP contacted a private investigation firm to locate non-signing inventor Yousseff, at the direction of the undersigned attorney. The private investigation firm searched for Yousseff by his social security number via a credit header search, and also spoke with the current residents at Yousseff's last known residence of 224 Lembeck Avenue, Apt. 2, Jersey City, New Jersey, 07305. The private investigation firm also searched for siblings and relatives, but did not find any. Refer to the email from Santoni, Skrifvars & Damerell Investigations attached hereto as **Exhibit G**. (Note: Yousseff's social security number has been redacted.)

Petitioner respectfully submits that the above mentioned efforts constitute a *bona fide* attempt to locate non-signing inventor Yousseff, and respectfully request the PTO accept the attached exhibits as proof of such efforts.

(2) Acceptable oath or declaration in compliance with 35 U.S.C. §§ 115 and 116

The PTO rejected the previously submitted oath or declaration because it failed to "identify the inventor by name, residence, mailing address, and citizenship."

Petitioner submits concurrently herewith a properly executed oath or declaration signed on behalf of the non-signing inventor by an authorized attorney of record for Intel Corporation,

the present assignee of the above referenced application. Refer to the notice of acceptance of power attorney attached hereto as **Exhibit E**.

(3) The petition fee

The PTO did not object to the payment of the petition fee, however, Petitioner hereby authorizes the PTO to charge our Deposit Account No. 02-2666 for any additional fee(s) that may be due in this matter, and please credit the same deposit account for any overpayment.

(4) Statement of the last known address of the non-signing inventor

Petitioner respectfully submits that the last known addresses for the non-signing inventor are as follows:

Residential address:

Mr. Khalid Yousseff
224 Lembeck Avenue, Apt. #2
Jersey City, NJ 07305
USA

Employment address:

Mr. Khalid Yousseff
Dialogic Corporation
1515 Route 10
Parsippany, New Jersey 07054
USA

(5) Proof of proprietary interest

The PTO did not object to the proof of proprietary interest previously submitted on behalf of Dialogic Corporation. However, all rights, title, and interest in the above application have since been assigned from Dialogic Corporation to Intel Corporation. Refer to the notice of recordation of assignment document dated July 11, 2003 attached hereto as **Exhibit H**. Also attached is the assignment from non-signing inventor Yousseff to Dialogic Corporation via

Yousseff's original employment agreement, of which he was subject to at the time of invention.
Refer to employment agreement attached hereto as **Exhibit I**.

(6) Showing that such action is required to preserve rights of parties

The PTO rejected the original petition in part because Petitioner "failed to present a showing that action under 37 CFR 1.47 is required to preserve the rights of the parties... ."

Petitioner respectfully submits that action under 37 C.F.R. § 1.47 is required to protect the rights of Intel Corporation who has a legal right to the claimed invention, having acquired such rights from Dialogic Corporation for due consideration. Dialogic Corporation acquired its rights from the non-signing inventor Yousseff for due consideration.

Petitioner further submits that Assignee Intel Corporation will suffer irreparable harm if action under 37 C.F.R. § 1.47 is not taken as Assignee will be inequitably barred from exercising its legal rights under the claimed invention.

Petition to revive abandoned application under 37 C.F.R. § 1.137(b)

The above referenced application went abandoned on November 23, 2006 for failure to pay the issue fee requested by the PTO in its notice of allowance mailed August 22, 2006.

Submitted concurrently herewith is a petition to revive the abandoned application under 37 C.F.R. § 1.137(b), including the required petition fee, and the application issue fee in response to the notice of allowance.

CONCLUSION

Given the above statements and accompanying exhibits, Petitioner respectfully requests that the PTO grant the requested action. If there are any informalities or questions that can be addressed via telephone, the Petitions Attorney is encouraged to contact the undersigned attorney at (503) 439-8778.

Charge Deposit Account

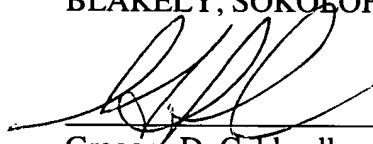

Please charge our Deposit Account No. 02-2666 for any additional fee(s) that may be due in this matter, and please credit the same deposit account for any overpayment.

Application No. 09/276,021 : UNDER 37 CFR 1.47(b)
Filed: March 25, 1999 :
Atty. Dkt. No.: 024/1 :
For: RAPID TRAINING ECHO :
CANCELLOR FOR :
TELECOMMUNICATIONS SYSTEM :

This decision is in response to the petition under 37 CFR 1.47(b),
filed September 7, 1999.

The petition is **DISMISSED**.

Rule 47 applicant is given TWO MONTHS from the mailing date of this
decision to reply, correcting the below-noted deficiencies. Any
reply should be entitled "Request for Reconsideration of Petition
Under 37 CFR 1.47(b)," and should only address the deficiencies
noted below, except that the reply may include an oath or
declaration executed by the non-signing inventor. Failure to
respond will result in abandonment of the application. Any
extensions of time will be governed by 37 CFR 1.136(a).

The above-identified application was filed March 25, 1999 without
an executed oath or declaration. Accordingly, a Notice to File
Missing Parts of Nonprovisional Application ("Notice") was mailed
April 29, 1999 requiring an executed oath or declaration and a
surcharge.

A grantable petition under 37 CFR 1.47(b) requires: (1) proof that
the non-signing inventor cannot be reached or refuses to sign the
oath or declaration after having been presented with the
application papers (specification, claims and drawings); (2) an
acceptable oath or declaration in compliance with 35 U.S.C. §§ 115
and 116; (3) the petition fee; (4) a statement of the last known
address of the non-signing inventor; (5) proof of proprietary
interest; and (6) a showing that such action is required to
preserve the rights of the parties or to prevent irreparable
damages.

Entered into FIP
By: [Signature]

The instant petition fails to satisfy items (1), (2), (4), and (6) set forth above.

As to item (1), petitioner has failed to establish that the non-signing inventor has refused to execute the oath or declaration after having been presented with the complete application papers (specification including claims, drawings, and oath or declaration) or cannot be located for presentation of the application papers.

The instant petition fails to set forth if petitioner alleges the non-signing inventor has refused to execute the oath or declaration after having been presented with a complete copy of the application papers or if petitioner alleges the non-signing inventor cannot be located for presentation of the application papers.

There is no evidence to establish the non-signing inventor received a complete copy of the application papers and thereafter refused to execute the oath or declaration.

Before a refusal to sign an oath or declaration can be alleged, it must be demonstrated that a *bona fide* effort has been made to present a complete copy of the application papers (specification, including claims, drawings, and oath or declaration) to the non-signing inventor at the non-signing inventor's last known address, typically a residential address.

Any renewed petition must establish that the non-signing inventor was presented with a complete copy of the application papers and thereafter refused to execute the oath or declaration.

Where a refusal of the inventor to sign the application papers is alleged, the circumstances of the presentation of the application papers and of the refusal must be specified in a statement of facts by the person who presented the inventor with the application papers and/or to whom the refusal was made. Proof that a *bona fide* attempt was made to present a copy of the application papers (specification, including claims, drawings, and oath or declaration) to the non-signing inventor for signature, but the inventor refused to accept delivery of the papers or expressly stated that the application papers should not be sent, may be sufficient.

Any renewed petition should be accompanied by evidence to establish that the non-signing inventor was sent a complete copy of the application papers (specification, claims, drawings, and oath or declaration) and thereafter refused to execute the declaration. Petitioner may wish to provide the Office copies of letters sent to the inventor indicating the enclosure of the application papers (specification, claims, drawings, and oath or declaration). If after the inventor receives the application papers and requests to execute the oath or declaration are refused, these facts should be set forth in a statement of facts signed by the person to whom the refusals were made and detailing with specificity the exact manner of the refusals. If a written refusal has been made, a copy of the written refusal should be included on renewed petition. Petitioner's attention is directed to MPEP 409.03(d) for further guidance.

Petitioner has failed to establish the non-signing inventor cannot be reached or located.

Petitioner is reminded that before it is alleged that an inventor cannot be reached or located, petitioner is required to demonstrate that diligent effort has been exerted to locate the non-signing inventor for presentation of a complete copy of the application papers (specification, including claims, drawings, and oath or declaration).

Petitioner has failed to establish that diligent effort has been made to locate the inventor.

Any renewed petition must be supported by evidence that sufficiently establishes that despite diligent effort, the non-signing inventor cannot be located. A statement of facts should be submitted that fully describes the exact facts that are relied on to establish that a *diligent effort* was made to locate the non-signing inventor. The statement of facts must be signed, where at all possible, by a person having *firsthand knowledge* of the facts recited therein. Statements based on hearsay, will not normally be accepted. At the very least, a search of the internet, human resource records, telephone directories, etc. should be undertaken in regions where it is suspected the non-signing inventors may reside. Petitioner should reference and supply evidence of any such searches in a renewed petition. See, MPEP 409.03(d).

As to item (2), the petition is not accompanied by an oath or declaration properly executed on behalf of the non-signing inventor. The declaration is unacceptable as it fails to identify

**PETITION FOR FILING WHEN AN INVENTOR REFUSES
TO SIGN OR CANNOT BE REACHED (37 C.F.R. 1.47 (B))**

SIR:

This is a petition for filing when an inventor refuses to sign or cannot be reached (37C.F.R. 1.47(b)). This petition is being made by the Vice President and General Counsel of the Company for which the named inventor worked, Dialogic Corporation, and shows sufficient proprietary interest in the matter to justify such actions to make application for patent on behalf of and as agent for the inventor.

The subject of this petition is the absence of the inventor, Khalid Youssef. Mr. Youssef was employed as an engineer for the Dialogic Corporation. Mr. Youssef resigned after the completion of the invention claimed in application number 09/276,021. Before signing the assignment from himself to the Dialogic Corporation an unforeseen family emergency arose in Mr. Youssef's native country of Egypt, Mr. Youssef left the United States without making a written assignment of the 09/276,021 patent application to the Dialogic Corporation. However, Mr. Youssef did execute an employment contract (copy attached) whereby he effectively assigned all right, title, and interest of any inventions and Work for Hire to the Corporation (see section 2 of the attached agreement).

Although every reasonable and diligent effort has been made, it has not been possible to reach Mr. Youssef. Mr. Youssef's last known whereabouts were:

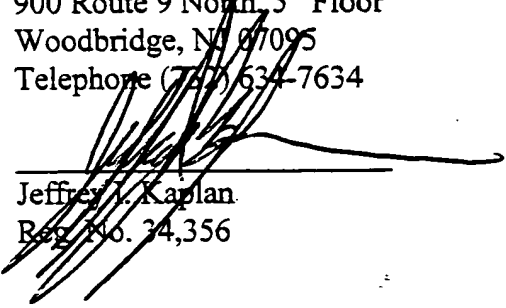

Mr. Khalid Youssef
224 Lembeck Avenue
Jersey City, NJ 07305

The subject matter of the patent application at issue, 09/276,021, is that of an invention in the cutting edge art of telecommunications. Due to the staggering speed of innovation in this field we believe that any delay in time will cause irreparable harm to the rights of the parties. We respectfully request the Office to grant our petition to file when an inventor refuses to sign or cannot be reached.

Please find enclosed the required fee of \$130.00 pursuant to §1.17(h)

Respectfully Submitted,

EMPLOYEE PROPRIETARY INFORMATION & INNOVATION AGREEMENT

Employee:

Khalid Youssef

Print Full Name

THIS AGREEMENT made between me, the above named person, and Dialogic Corporation, herein after referred to as "Dialogic" or "the Corporation". WITNESSETH:

Dialogic has developed and used technical and non-technical information vital to the success of the Corporation's business. Generally, Dialogic employees become acquainted with this information and, depending on job assignments and responsibilities, may contribute to it either through inventions, discoveries, improvements, computer programs, mask works, works for authorship (collectively called "Innovations"), or through studies, analyses, proposals, business plans (collectively called "Work for Hire") or otherwise. Therefore it is necessary for Dialogic to protect certain of this technical and non-technical information generated by its employees by holding it as proprietary and confidential, or by obtaining statutory protection (patents, trademarks, mask works, copyrights) or common law protection (trade secrets) or both.

In consideration of and as part of the terms of my employment by Dialogic and the salary or wages paid me during such employment, it is hereby agreed:

1. PROPRIETARY INFORMATION

I shall not, except as authorized by the Corporation, at any time during or after my employment directly or indirectly disclose to any other person or entity any proprietary or sensitive information of the Corporation or of others (collectively called "Proprietary Information"), which has come into the Corporation's or my possession in the course of my employment with the Corporation; nor shall I use any such Proprietary Information for my personal use or advantage or make it available to others. Proprietary Information includes existing and contemplated technical information such as, for example, compositions, formulas, products, processes, methods, systems, designs, specifications, mask works, testing or evaluation procedures, machines, manufacturing procedures, production techniques, research and development activities, inventions, discoveries and improvements and also existing and contemplated business, marketing and financial information such as, for example, business plans and methods, marketing information, cost estimates, forecast, financial data, new business acquisition/proposal information, customer identification, and sources of supply.

All information, both technical and non-technical, regarding the Corporation's businesses in whatever form, including but not limited to text, drawing, mask works, or computer software programs or documents, is presumed to be proprietary and confidential until it becomes public information lawfully and without breach of confidential obligation.

2. INNOVATIONS

I agree to disclose promptly and fully to the Corporation all Innovations and/or Work for Hire, whether or not patentable, copyrightable or registerable, including but not limited to products, processes, methods, systems, designs, techniques, mask works, computer programs, facilities, equipment, prototypes, and devices that have been or may be conceived, made or authored by me solely or jointly with others during the period of my employment with the Corporation; (a) which are along the lines of or relate to the business, work, or investigations of the Corporation or of any company with which it is affiliated; (b) which result from or arise out of any work that I may do for or on behalf of the Corporation; (c) which result from or arise out of any Proprietary Information that may have been disclosed or otherwise made available to me as a result of duties assigned me by the Corporation; or (d) that are otherwise made through the use of the Corporation's time, facilities, or materials. All such Innovations and Work for Hire shall be the sole and exclusive property of Dialogic and I hereby assign to the Corporation all of my right, title and interest therein.

3. EXECUTION OF DOCUMENTS

I also agree to execute assignments to the Corporation or its assigns, nominees, or successors of all my right, title or interest in and to: (a) any and all Innovations described in paragraph 2 above; (b) any and all patent, trademark, copyright and mask works registration applications therefor; (c) all priority rights acquired under the International Convention for Protection of Industrial Property by filing of such applications; and (d) all patents, trademark, copyright and mask works registrations that may be granted therefor throughout the world. I further agree during and after my employment to sign all lawful papers and otherwise assist without charge and in every lawful way the Corporation and its assigns, nominees or successors at its or their request to obtain, and sustain such patents, trademark, copyright and mask works registrations for its benefit in any and all countries.

**EMPLOYEE PROPRIETARY INFORMATION & INNOVATION AGREEMENT**Employee: Khalid Youssef
Print Full Name**4. NOTICE OF RIGHTS UNDER STATE STATUTES**

No provision in this agreement is intended to require assignment of any of my rights in an invention for which no equipment, supplies, facilities, or trade secret information of the Corporation was used, and which was developed entirely on my own time, unless such invention (1) relates to the business of the Corporation or to the actual or demonstrably anticipated research or development of the Corporation; or (2) results from any work performed by me for the Corporation.

5. RECORDS AND DOCUMENTS

All record, documents, and other writings including text, drawings, computer software programs, mask works or works of authorship relating to or containing Proprietary Information as defined above, and which are prepared or created by me, or which may come into my possession during my employment, are deemed to be the property of the Corporation. Upon termination of my employment, I agree to leave all such records, documents, and writings and all copies thereof with the Corporation.

6. LEGALLY BINDING AGREEMENT

This Agreement shall be binding upon my, my heirs, administrators, assigns, executors, or other legal representatives and shall be binding upon and more to the benefit of Dialogic, its assigns, nominees or successors, however, neither this Agreement nor any provision thereof shall be construed to be an employment agreement. I agree that either during or after my employment the Corporation may advise others of the existence of this agreement and the provision of all or any part thereof.

7. PRIOR INVENTIONS

Listed and briefly described below are all inventions not previously assigned to my former employers and which I conceived and made prior to my employment with Dialogic. Such listed inventions are not included under this Agreement. I agree to notify the Corporation promptly in writing if their actual or projected use comes to my attention. I also agree that I will not disclose to or use on behalf of Dialogic any proprietary or confidential information of any third party without authorization therefrom.

THE APPLICATION IDENTIFIED ABOVE HAS BEEN EXAMINED AND IS ALLOWED FOR ISSUANCE AS A PATENT. PROSECUTION ON THE MERITS IS CLOSED. THIS NOTICE OF ALLOWANCE IS NOT A GRANT OF PATENT RIGHTS. THIS APPLICATION IS SUBJECT TO WITHDRAWAL FROM ISSUE AT THE INITIATIVE OF THE OFFICE OR UPON PETITION BY THE APPLICANT. SEE 37 CFR 1.313 AND MPEP 1308.

THE ISSUE FEE AND PUBLICATION FEE (IF REQUIRED) MUST BE PAID WITHIN THREE MONTHS FROM THE MAILING DATE OF THIS NOTICE OR THIS APPLICATION SHALL BE REGARDED AS ABANDONED. THIS STATUTORY PERIOD CANNOT BE EXTENDED. SEE 35 U.S.C. 151. THE ISSUE FEE DUE INDICATED ABOVE DOES NOT REFLECT A CREDIT FOR ANY PREVIOUSLY PAID ISSUE FEE IN THIS APPLICATION. IF AN ISSUE FEE HAS PREVIOUSLY BEEN PAID IN THIS APPLICATION (AS SHOWN ABOVE), THE RETURN OF PART B OF THIS FORM WILL BE CONSIDERED A REQUEST TO REAPPLY THE PREVIOUSLY PAID ISSUE FEE TOWARD THE ISSUE FEE NOW DUE.

HOW TO REPLY TO THIS NOTICE:

I. Review the SMALL ENTITY status shown above.

If the SMALL ENTITY is shown as YES, verify your current SMALL ENTITY status:

A. If the status is the same, pay the TOTAL FEE(S) DUE shown above.

B. If the status above is to be removed, check box 5b on Part B - Fee(s) Transmittal and pay the PUBLICATION FEE (if required) and twice the amount of the ISSUE FEE shown above, or

If the SMALL ENTITY is shown as NO:

A. Pay TOTAL FEE(S) DUE shown above, or

B. If applicant claimed SMALL ENTITY status before, or is now claiming SMALL ENTITY status, check box 5a on Part B - Fee(s) Transmittal and pay the PUBLICATION FEE (if required) and 1/2 the ISSUE FEE shown above.

II. PART B - FEE(S) TRANSMITTAL, or its equivalent, must be completed and returned to the United States Patent and Trademark Office (USPTO) with your ISSUE FEE and PUBLICATION FEE (if required). If you are charging the fee(s) to your deposit account, section "4b" of Part B - Fee(s) Transmittal should be completed and an extra copy of the form should be submitted. If an equivalent of Part B is filed, a request to reapply a previously paid issue fee must be clearly made, and delays in processing may occur due to the difficulty in recognizing the paper as an equivalent of Part B.

III. All communications regarding this application must give the application number. Please direct all communications prior to issuance to Mail Stop ISSUE FEE unless advised to the contrary.

IMPORTANT REMINDER: Utility patents issuing on applications filed on or after Dec. 12, 1980 may require payment of maintenance fees. It is patentee's responsibility to ensure timely payment of maintenance fees when due.

Kristin,

Your subject, Khalid Yousseff aka Khalid S. Yousseff aka Mohammed K. Yousseff, is identified with a social security number of [REDACTED] and previously resided in New Jersey and Illinois.

At this time we have not been able to locate a current residential address for your subject. We spoke to the current residents of 224 Lembeck Avenue, Apt. 2, and they tell us that people call them looking for Khalid and that Khalid still receives mail there, but that he hasn't been around for over year as they have lived there for at least a year.

Our limited credit header searches indicate that your subject most recently reports the Lembeck address, but that was in July of 2001. There have been no subsequent credit header updates.

According to our records your subject falls off the map in late 2001.

We believe your subject's wife is identified as Amre Yousseff aka Amre Samir Yousseff and she falls off the map last in 2001 as well.

We have attempted to track down relatives, siblings, etc., but have had no luck.

As you advised your subject may have left the country.

If our records are correct the patent in question was filed in 2002 by Khalid Yousseff and Intel Corporation.

Do you need a formal declaration of our efforts or is our standard report format sufficient?

Thank you,

Assignment of Legal Title to Patents

Whereas, Dialogic Corporation, (hereinafter ASSIGNOR) is the sole and exclusive owner of certain patent applications listed in Exhibit A annexed hereto (collectively referred to as the "Patents"); and

Whereas Intel Corporation, a Delaware corporation, with an office at 2200 Mission College Blvd., California 95052, (hereinafter INTEL) is desirous of acquiring bare legal title to and under the Patents for the sole purpose of registering the Patents in the name of INTEL in the U.S. Patent Office; and

Whereas ASSIGNOR is a subsidiary of INTEL.

Now, Therefore,

For good and valuable consideration, the receipt of which is hereby acknowledged, ASSIGNOR does hereby transfer to INTEL, bare legal title to the Patents, and bare legal title to any inventions claimed in said Patents, any reissue or reissues of said Patents already granted and which may be granted, and any certificates of reexamination already granted and which may be granted, the bare legal title to same to be held by INTEL, to the end of the term or terms for which said Patents are or may be granted, reissued or extended as fully and entirely as such bare legal title would have been held and enjoyed by ASSIGNOR if this assignment had not been made. Nothing in this Assignment of Legal Title to Patents shall be construed as transferring to Intel beneficial ownership of the Patents, which beneficial ownership, including the right to use, license, divide, exploit and dispose of the rights to and under such Patents (other than bare legal title), shall continue to be held by ASSIGNOR.

ASSIGNOR, hereby authorizes and requests the Commissioner of Patents to issue any and all Letters Patents of the United States on said inventions to INTEL as assignee of bare legal title to the Patents, and hereby covenants that ASSIGNOR has full right to convey the legal title herein assigned, and that, except as otherwise provided between the

parties, ASSIGNOR has not executed, and will not execute, any agreements in conflict therewith.

ASSIGNOR and INTEL hereby agree that bare legal title to the Patents transferred under this agreement shall revert back to ASSIGNOR when more than 20 percent of every class of equity of ASSIGNOR is transferred to a third party.

In Witness Whereof, ASSIGNOR and INTEL, by their duly authorized representatives, have executed this Assignment.

EMPLOYEE PROPRIETARY INFORMATION & INNOVATION AGREEMENT

Employee: Khalid Youssef
Print Full Name

THIS AGREEMENT made between me, the above named person, and Dialogic Corporation, herein after referred to as "Dialogic" or "the Corporation". WITNESSETH:

Dialogic has developed and used technical and non-technical information vital to the success of the Corporation's business. Generally, Dialogic employees become acquainted with this information and, depending on job assignments and responsibilities, may contribute to it either through inventions, discoveries, improvements, computer programs, mask works, works for authorship (collectively called "Innovations"), or through studies, analyses, proposals, business plans (collectively called "Work for Hire") or otherwise. Therefore it is necessary for Dialogic to protect certain of this technical and non-technical information generated by its employees by holding it as proprietary and confidential, or by obtaining statutory protection (patents, trademarks, mask works, copyrights) or common law protection (trade secrets) or both.

In consideration of and as part of the terms of my employment by Dialogic and the salary or wages paid me during such employment, it is hereby agreed:

1. PROPRIETARY INFORMATION

I shall not, except as authorized by the Corporation, at any time during or after my employment directly or indirectly disclose to any other person or entity any proprietary or sensitive information of the Corporation or of others (collectively called "Proprietary Information"), which has come into the Corporation's or my possession in the course of my employment with the Corporation: nor shall I use any such Proprietary Information for my personal use or advantage or make it available to others. Proprietary Information includes existing and contemplated technical information such as, for example, compositions, formulas, products, processes, methods, systems, designs, specifications, mask works, testing or evaluation procedures, machines, manufacturing procedures, production techniques, research and development activities, inventions, discoveries and improvements and also existing and contemplated business, marketing and financial information such as, for example, business plans and methods, marketing information, cost estimates, forecast, financial data, new business acquisition/proposal information, customer identification, and sources of supply.

All information, both technical and non-technical, regarding the Corporation's businesses in whatever form, including but not limited to text, drawing, mask works, or computer software programs or documents, is presumed to be proprietary and confidential until it becomes public information lawfully and without breach of confidential obligation.

2. INNOVATIONS

I agree to disclose promptly and fully to the Corporation all Innovations and/or Work for Hire, whether or not patentable, copyrightable or registerable, including but not limited to products, processes, methods, systems, designs, techniques, mask works, computer programs, facilities, equipment, prototypes, and devices that have been or may be conceived, made or authored by me solely or jointly with others during the period of my employment with the Corporation; (a) which are along the lines of or relate to the business, work, or investigations of the Corporation or of any company with which it is affiliated; (b) which result from or arise out of any work that I may do for or on behalf of the Corporation; (c) which result from or arise out of any Proprietary Information that may have been disclosed or otherwise made available to me as a result of duties assigned me by the Corporation; or (d) that are otherwise made through the use of the Corporation's time, facilities, or materials. All such Innovations and Work for Hire shall be the sole and exclusive property of Dialogic and I hereby assign to the Corporation all of my right, title and interest therein.

3. EXECUTION OF DOCUMENTS

I also agree to execute assignments to the Corporation or its assigns, nominees, or successors of all my right, title or interest in and to: (a) any and all Innovations described in paragraph 2 above; (b) any and all patent, trademark, copyright and mask works registration applications therefor; (c) all priority rights acquired under the International Convention for Protection of Industrial Property by filing of such applications; and (d) all patents, trademark, copyright and mask works registrations that may be granted therefor throughout the world. I further agree during and after my employment to sign all lawful papers and otherwise assist without charge and in every lawful way the Corporation and its assigns, nominees or successors at its or their request to obtain, and sustain such patents, trademark, copyright and mask works registrations for its benefit in any and all countries.

4. NOTICE OF RIGHTS UNDER STATE STATUTES

No provision in this agreement is intended to require assignment of any of my rights in an invention for which no equipment, supplies, facilities, or trade secret information of the Corporation was used, and which was developed entirely on my own time, unless such invention (1) relates to the business of the Corporation or to the actual or demonstrably anticipated research or development of the Corporation; or (2) results from any work performed by me for the Corporation.

5. RECORDS AND DOCUMENTS

All record, documents, and other writings including text, drawings, computer software programs, mask works or works of authorship relating to or containing Proprietary Information as defined above, and which are prepared or created by me, or which may come into my possession during my employment, are deemed to be the property of the Corporation. Upon termination of my employment, I agree to leave all such records, documents, and writings and all copies thereof with the Corporation.

6. LEGALLY BINDING AGREEMENT

This Agreement shall be binding upon my, my heirs, administrators, assigns, executors, or other legal representatives and shall be binding upon and more to the benefit of Dialogic, its assigns, nominees or successors, however, neither this Agreement nor any provision thereof shall be construed to be an employment agreement. I agree that either during or after my employment the Corporation may advise others of the existence of this agreement and the provision of all or any part thereof.

7. PRIOR INVENTIONS

Listed and briefly described below are all inventions not previously assigned to my former employers and which I conceived and made prior to my employment with Dialogic. Such listed inventions are not included under this Agreement. I agree to notify the Corporation promptly in writing if their actual or projected use comes to my attention. I also agree that I will not disclose to or use on behalf of Dialogic any proprietary or confidential information of any third party without authorization therefrom.
